PROJECT SUN STREAK

WARNING NOTICE: INTELLIGENCE SOURCES AND METHODS INVOLVED

PROJECT NUMBER: B902 (TC-24) SESSION NUMBER: 01

DATE OF SESSION: 25 JAN 89 DATE OF REPORT: 25 JAN 89

START: 0830 END: 0920

METHODOLOGY: ERV VIEWER IDENTIFIER: 025

1. (S/NF/SK) MISSION: Utilizing available operational data from Project B902, use project as a training vehicle to determine viewer's ability to work exclusively from encrypted coordinates.

2. (S/NF/SK) VIEWER TASKING: Access and describe the target at Encrypted Coordinates 422960/351900.

3. (S/NF/SK) COMMENTS: No inclemencies noted. A Summary of Information is attached to this report. Viewer advised to necessity of reporting conceptually as opposed to reporting in declarative sentences; in the latter case, viewer surfaces and reacts in completely left brain mode. Viewer advised to declare AOL in simple terms, eg AOL "AWAC Aircraft" rather than in detailed terms.

4. (S/NF/SK): EVALUATION: (2) Minimal success achieved when Viewer 025 reported in what appeared to be seemingly unrelated singleton concepts. Declarative sentence reporting was indicative of left brain, analysis. Feedback on accuracy postponed until WRV session is conducted on same project during the afternoon hours of 25 Jan 89.

SUMMARY OF INFORMATION

There is land, structures, planes, and roadways in a warm area. A building with separate floors and a high tower (antennae) is present. A saucer shaped object has a round glass bubble in the middle with fire light rays or beams in the center (blown glass container, dispenser). Height dimensions and air travel are here. Industrialization. Something has been built with raised portions. This site is part of a major capital city and the buildings are spaced out. Concepts include: Chemical plant, bunsen burner, and something which travels fast. A team of eight to ten military men are here (captains) with a mission. There is a project, which involves money, and marketing advancement. Timing is important. Something is prepared for transport. They are searching for new techniques. Other concepts include: tester, defense, survival, water bottles and light. The focus is on output, results, reports and new directions. A small amount is a means by which something is obtained and then set free.
